wine					X	X					

General spotting and stain removal procedures:

1. Always remove or blot excess liquids or solids.
2. Be sure to read all directions, precautionary and first aid statements on product labels before use of these or any product.

IMPORTANT: The above spot and stain procedures are strictly recommendations. No guarantee of success is expressed or implied and no liability is assumed.

Stain Resistant Carpet: Use of products other than one specifically designed for a 5th generation carpet may void warranty for stain resistant carpeting.
